It was a high compliment to Hon. Harvey Helm when friends of both gentlemen selected him to make the race for Congress over the old wheel horse democrat and splendid gentleman, Hon. R. C. Warren. They recognized in Mr. Helm a winner and chose him for the purpose of winning. That he is a popular candidate is shown by the marked attention he receives wherever he goes and the numerous letters of congratulation and pledges of support he receives daily. There is every reason why Mr. Helm should prove successful in his race and we confidently believe that he will win the nomination, which, "praise the Lord," is equivalent to an election. The writer was in Rockcastle last week and found that he is very strong in that county. Rockcastle and Lincoln are closely allied and the good and gallant democrats of that county are glad of the opportunity to do a turn. Madison county democrats are mindful of the fact that Lincoln county has stood by them through thick and thin and we'll wager they will prove only too glad to return the compliment by supporting Mr. Helm. Garrard and Bell are with us in Congressional, Senatorial and Judicial districts and certainly with those ties the democracy of those counties will do the right thing and support the splendid young democrat whose candidacy we are pleased to espouse. Mercer has a candidate in Hon. Dan Moore, but then she has candidates for many other offices and if she does not want the earth, well fenced in, the democrats there will pull Mr. Moore off and be satisfied with Hon. Morgan Chinns for clerk of the court of appeals, Hon. W. Conn Bell for circuit judge, and Hon. Charles A. Hardin for Commonwealth's Attorney. Shelby's candidate is the present incumbent, who has served his constituency well and who has friends all over the district. He has had several terms of the office, though, and we see no reason why another equally as good a democrat should not have the honor for at least one term. We are told too that Mr. Gilbert has his eyes on the U. S. Senate. Hadn't the Eighth district better save him to succeed Senator Blackburn than wear him out sending him to Congress term after term? If Lincoln county has ever had a democratic Congressman it is not within the recollection of the oldest inhabitant and she thinks her time has come at last and has good reasons for so thinking.

HERE AND THERE.

A man was drowned in New York while trying to save his collie dog.

Lou Dillon trotted a mile in 2:00 flat at Readville, Mass., making a new record.

Tyrus Robinson shot and killed his brother-in-law, Frank Davis, at Shawnee, Tenn.

Mat Geisler, aged 70, George Kepsey, 80, and Albert Todd, 74, died on the same day at Madison, Ind.

The statistical year book for the German Empire just issued makes a comparison of the postoffice business of a number of the larger countries. These figures show that the United States handled 7,250,000,000 letters and postcards in 1900, while Great Britain and Germany each handled 3,500,000,000; France, 2,250,000,000; Austria-Hungary, 1,000,000,000; Italy, 775,000,000; Japan, 730,000,000, and Russia, 560,000,000. One curious feature of the German postal business is the enormous proportion of postal cards used. Nearly one-third of the total number of pieces handled in Germany are cards, while only one-twelfth of the total figures for the United States are postal. The difference is attributed by the Consul to the saving spirit of the Germans.

POLITICAL.

Morris B. Belknap, republican nominee for governor, is booked to be at the Barbourville fair Sept. 3.

James F. Griffin, present incumbent, defeated Fred Hays for the republican nomination for circuit clerk of Rockcastle.

The republicans of the Eighth judicial district in convention at Bowling Green nominated John M. Galloway for circuit judge and Nat T. Howard for Commonwealth's attorney.

The Republicans of the Eleventh judicial district in convention at Lebanon nominated W. H. Sweeney for Commonwealth's Attorney. They made no nomination for Circuit Judge.

Gov. Dole and the other territorial officers of Hawaii have decided to try to float the \$2,000,000 loan authorized by the last Legislature. They believe the Honolulu banks will take the entire issue.

Secretary of War Root has sailed for England, pointing out before his departure that he can not be a candidate for vice president on the Roosevelt ticket because both men are from the same State.

Congressman James A. Hemeaway has been given the assurance by Speaker Cannon that he will be appointed chairman of the Appropriations Committee, a position that ranks second to the speakership.

When the political battle opens at Winchester "Sheridan" Belknap will be "more than 20 miles away," and he will be just about that far behind at the finish in November, remarks the Louisville Times.

Owing to the desire of republican leaders in Congress to cease agitating the Negro question, it is said that there is little likelihood of Representative Boreing's bills for the punishment of Negro intimidators being enacted into law.

In compliance with the request of prominent republicans, District Attorney R. D. Hill has drawn two bills providing for the punishment of persons who interfere with the voting of Negroes in Federal elections. The bills will be introduced to Congress by Representative Vincent Boreing, the present laws having been held unconstitutional.

The Democratic Campaign Committee decided that the campaign should be opened by Gov. Beckham September 5 at Winchester. Others besides the Governor will speak. The campaign will be vigorously pushed from that time, and Gov. Beckham will make four speeches the following week. The committee also finished in part the work of naming the chairmen of the county campaign committees.

Judge Hazelrigg died suit in the Franklin Circuit Court and State Fiscal Court for I. B. Nall, Commissioner of Agriculture, against the Auditor to test the question as to whether Nall is entitled to salary from January 1 to February 25, 1900, the date on which the Board of Election Commissioners passed on the contest awarding certificates to Democratic contestants.

The result of the Ohio Democratic gubernatorial convention will depend upon the settlement of contests involving 145 delegates. Both sides are hard at work seeking to secure control of the convention. At the close of a long conference in Columbus between Tom L. Johnson and Charles Salen, of Cleveland, and John W. Bookwalter, the latter issued a signed statement withdrawing from the race for endorsement of United States Senator before the democratic State convention.

THE true blue Morgan men who were roped into the reunion at Park's Hill by a lot of traitors are not entitled to much sympathy, but while they were holding the so-called reunion they should have resolved themselves into a court-martial and ordered every man shot as a deserter who flopped to the republican party and sold out for a little Federal office," said Col. James W. Guest, of Crab Orchard. "Bae Duke and Steve Sharp worked the other fellow for suckers."—Lexington Democrat.

THAT Judge Saufley is one of the ablest jurists in Kentucky, no one will dispute, and his retirement from the bench is sincerely regretted by the people of Garrard, irrespective of party. He is an able lawyer, absolutely fearless in the discharge of his duties, will not tolerate the delay or efforts to thwart justice, and his absolute impartiality has won for him the highest esteem and confidence of the people. The loss of the services of such a man is indeed a great misfortune to any community.—Lancaster Record.

LARGE crowds attended the Brodhead fair each day and the association must have come out very much to the good. Thursday's crowd was the largest by \$40 in the history of the association. The rings were all hotly contested, while the races were even better than usual. Secretary J. Thomas Cherry, President J. W. Tate and the board of directors worked hard for the success of the fair and right well were their efforts rewarded. The fancy turnout ring Friday probably attracted more attention than any ring during the fair. There were six entries and the first premium went to Bud Dunn, of Madison. Miss Jessie Williams, of Mt. Vernon, drove with him. John Nevius, of this place, and Miss Bea Baker, of Mt. Vernon, won the second and third prizes, respectively.
